

CORONAVIRUS

Student Protocols

Parents are responsible for performing daily temperature checks before students get on bus or arrive at school. Normal is 99° F or lower.

Students are prohibited from reporting to school if symptomatic. If they are at school when symptoms develop, they must tell their teacher and be moved to a designated isolation room until parents arrive to pick them up. Students are considered symptomatic if they are experiencing symptoms of respiratory infection such as:

- Fever of 100° F or higher
- New, persistent cough
- Shortness of breath
- Sore throat
- Body aches
- Chills
- Fatigue
- Loss of taste or smell

Parents must report to ne25.1 (0t)25.txtsxtFEört

.
